

# [GOLF BALL WITH HIGH COEFFICIENT OF RESTITUTION(Corporate Docket Number PU2165)]

## Abstract

The present invention is a golf ball that has a coefficient of restitution at 143 feet per second that is greater than 0.8015, and an USGA initial velocity less than 255.0 feet per second. The golf ball is preferably a solid three-piece golf ball with a thermosetting polyurethane cover, an ionomer blend intermediate layer and a polybutadiene core.
